

Now accredited as a
Centre of Excellence in the Asia-Pacific Subcontinent.
It's time to take centre stage.

The Max Institute of Minimal Access, Metabolic & Bariatric Surgery has recently been accredited as a Centre of Excellence for providing state-of-the-art Clinical Services and Surgical Training Programmes for Abdominal Wall Hernia Surgery. The institute has earned the distinction of being one of the only two centres in the Asia-Pacific Subcontinent that has been awarded this unique honour.

Now that's excellence worth boasting about.
