

DR. KABERI BANERJEE
MD, MRCOG, DNB
Commonwealth Fellow in Reproductive Medicine
(London, UK)
Senior Consultant – Gynaecology and IVF Specialist

Dr. Kaberi Banerjee is an infertility and IVF specialist who is trained from the prestigious Guys and St Thomas Hospital, London which does about 700 IVF cycles / year and is also the leading PGD (Pre-implantation Genetic Diagnosis) centre of UK. Following this she worked as an IVF consultant at the Assisted Reproduction and Gynaecology Centre, London which boasts of having the greatest IVF success in Europe. This centre also does pioneering work in cases of repeated IVF failures and repeated implantation failures.

Dr. Banerjee has done her MBBS and MD in Obstetrics and Gynaecology from the prestigious All India Institute of Medical Sciences, New Delhi. She has also done her membership from the Royal College of Obstetrics and Gynaecology (MRCOG), London. She is also a member of the National Academy of Medical Sciences (MNAMS).

Dr. Banerjee has received many International awards and published numerous papers in National and International journals. She received the prestigious Commonwealth award for training in IVF. She also received the Presidents award for best presentation of her MD thesis work in Japan. Her latest publication has been accepted in the most highly esteemed journal of Infertility- Fertility and Sterility. She is also a reviewer in many International journals.

Dr. Banerjee feels very strongly for patients suffering from infertility and has made a conscious decision of returning to India to set up a state of the art IVF centre. She had set up an IVF lab at a tertiary health centre in New Delhi. The Centre has consistently produced results in the range of 40-50% / cycle. She has done more than 200 cycles so far with experience in IVF, ICSI, donoreggs and surrogacy. She is currently attached to the IVF centre established by Max Healthcare
