

OUR LEADERSHIP POSITION HAS BEEN FURTHER CEMENTED

Dr. SKS Marya has been elected as the Chairman of SICOT in the field of Knee Arthroplasty.

It is indeed with great pride that Max Healthcare announces that Dr. SKS Marya, Chairman of the Max Institute of Orthopaedics and Joint Replacement Surgery has taken over Chairmanship of SICOT (Societe Internationale de Chirurgie Orthopedique et de Traumatologie) in the field of Knee Arthroplasty.

He has also been elected as President of the Indian Society of Hip and Knee Surgeons at the Annual meet of the North Zone Indian Orthopaedic Association held at Bangalore on 9th April, 2011.

Having also published and edited the book: 'VTE in Orthopaedics', this makes for another feather in his hat.
