

At the heart of our competence, consolidated care for the heart.

At the Max Super Speciality Hospital, Patparganj, a higher order of cardiac care is enabled through key specialities that include Cardiology, Cardiothoracic & Vascular Surgery, best-in-class services and technology. Our differential approach to quality cardiac care includes:

LEADING SPECIALISTS

A stringent selection process, provides a team of surgeons and physicians who have won national and international recognition.

HIGH-END, NON-INVASIVE DIAGNOSTIC SERVICES

The latest in Echocardiography with 3D/4D Imaging makes for greater competence in diagnosis, before the onset of treatment.

CUTTING EDGE ANGIOGRAPHY AND ANGIOPLASTY SERVICES

Max Super Speciality Hospital in Patparganj is one of the first healthcare facilities in Delhi, with DynaCT Cardio and the Siemens Flat Panel Angiography System in place.

A HIGHER ORDER OF CARDIAC INTENSIVE CARE

Patients benefit from a 15-bedded ICU with multi-function monitoring and 24/7 consultant coverage.

3D MAPPING TECHNOLOGY FOR ELECTROPHYSIOLOGY SERVICES

The latest in electrophysiology treatment, our mapping technology produces 3 dimensional pictures and saves time. This version is the first in India for treating complex arrhythmias.

Comprehensive Services for Cardiothoracic & Vascular Surgery

- Bypass Surgery
- Valve Repair/Stroke Replacement
- Repair of Congenital Heart Defects
- Minimally Invasive Cardiac Surgery
- Beating Heart Surgery

All possible under one roof.
