

Have you listened to your heart lately?

Max Cardiac Preventive Health Checks help you assess your heart health so that corrective measures can be taken on time.

Know your chances of getting a heart disease:

- Family history of heart disease
- Suffering from Diabetes
- High blood cholesterol level
- Chain Smoker
- More than one alcoholic drink everyday
- Overweight
- Diet high in fat
- Sedentary lifestyle
- High blood pressure
- Stress
- Menopause (for women)
- Regular intake of birth control pills (for women)

If your answer to any two of the above points is 'Yes' then you should go for a Cardiac Preventive Health Check annually.

To know more, SMS 'MH CPHP' to 56161 or log on to www.maxhealthcare.in
